WE DELETE BLOOD CANCER

GUEST BOOK

#LetsNailBloodCancer

Every 20 minutes, someone in the UK is diagnosed with a blood cancer. For many people diagnosed, a blood stem cell donation from a matching donor will be their best and only chance of survival.

It costs DKMS £40 to register each new potential lifesaver onto the UK aligned stem cell registry. The donation you make will help people who are searching for a donor find their potential life-saving match. Together **#LetsNailBloodCancer.**
