**The Property Index Family, Infrastructure Index Family and GPR Dutch Small Cap Index are constructed and maintained based on Construction & Maintenance Procedures. The Construction & Maintenance Procedures describes the (i) composition, (ii) calculation, (iii) publication, (iv) periodic adjustment and (v) final provisions. Once circumstances occur not clearly stipulated in the Construction & Maintenance Procedures and not covered by Rule 6.3 of the Construction & Maintenance Procedures, Global Property Research will consult all users of the respective Index Family known to Global Property Research. Based on this consultation Global Property Research will describe the prevailing procedure in a public statement. The relevant Construction & Maintenance Procedures can be found on the GPR website (<https://globalpropertyresearch.com/indices2.aspx?id=216>).*

***ESG Disclosures pursuant to REGULATION (EU) 2019/2089 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 27 November 2019 amending Regulation (EU) 2016/1011 as regards EU Climate Transition Benchmarks, EU Paris-aligned Benchmarks and sustainability-related disclosures for benchmark can be found in ANNEX I – ESG data providers*

ANNEX I – ESG data providers

ACTIAM	
CONSIDERATION OF ESG FACTORS	
Name of the benchmark administrator	GPR
Type of benchmark or family of benchmarks	Equities
Name of the benchmark or family of benchmarks	Property Index Family: GPR Sustainable Real Estate Index Europe
Are there in the portfolio of the benchmark administrator any EU Climate Transition Benchmarks, EU Paris-aligned Benchmarks, benchmarks that pursue ESG objectives or benchmarks that take into account ESG factors?	Yes
Does the benchmark or family of benchmarks pursue ESG objectives?	Yes
<i>Details in relation to ESG factors listed in Annex II to Commission Delegated Regulation (EU) 2020/1816 disclosed at an aggregated weighted average value at the level of the benchmark. ESG factors marked as “voluntary” in Annex II to Commission Delegated Regulation (EU) 2020/1816 are not disclosed. If the data is not applicable for this particular ESG source, they are marked as “NA” below.</i>	
Environmental factors	
Degree of exposure of the portfolio to the sectors listed in Sections A to H and Section L of Annex I to Regulation (EC) No 1893/2006 of the European Parliament and of the Council as a percentage of the total weight in the portfolio.	100 % (Section F – Construction and/or Section L – Real Estate Activities)
Greenhouse gas (GHG) intensity of the benchmark.	4,0 (t CO2 equivalents/USD million EVIC)
Exposure of the benchmark portfolio to companies the activities of which fall under Divisions 05 to 09, 19 and 20 of Annex I to Regulation (EC) No 1893/2006.	0%
Exposure of the benchmark portfolio to activities included in the environmental goods and services sector, as defined in Article 2, point (5) of Regulation (EU) No 691/2011 of the European Parliament and of the Council	0%
Social factors	
International treaties and conventions, United Nations principles or, where applicable, national law used in order to determine what constitutes a ‘controversial weapon’.	NA
Weighted average percentage of benchmark constituents in the controversial weapons sector.	0%
Weighted average percentage of benchmark constituents in the tobacco sector	0%
Number of benchmark constituents subject to social violations (absolute number and relative divided by all benchmark constituents), as referred to in international treaties and conventions, United Nations principles and, where applicable, national law.	0 / 0%
Exposure of the benchmark portfolio to companies without due diligence policies on issues addressed by the fundamental International Labor Organisation Conventions 1 to 8.	0
Weighted average gender pay gap.	Not publicly available data

Weighted average ratio of female to male board members.	28%
Weighted average ratio of accidents, injuries, fatalities.	Not publicly available data
Numbers of convictions and amount of fines for violations of anti-corruption and anti-bribery laws.	Not publicly available data
Governance factors	
Weighted average percentage of board members who are independent.	NA
Weighted average percentage of female board members.	28%
