2. In this context, the Committee assesses only substantiated written requests from applicants who rely on extraordinary circumstances that were beyond their control, as provided for in Article 3 of these Regulations. The person concerned must submit any request of this nature to the Committee within one week after the received request: 'Apply to the Avans University of Applied Sciences Admissions Committee relevant date'

3. In connection with the performance of its duties, the Committee is authorized:
  - a. to obtain more detailed information about a request from the student counsellor, the designated contact person on behalf of the study program or, after the applicant has given permission, from a parent or guardian or another institution (educational or otherwise)
  - b. to carry out all monitoring activities deemed necessary for the purposes of assessing an application correctly.
4. The Committee takes a decision about the request within five working days after receipt. The decision may consist of permission to enroll as a student, permission to take part in the intake or rejection of the request, stating reasons.
5. Permission to enroll implies that the enrolment will take effect on 1 September or 1 February of the academic year for which enrolment has been requested. Permission to take part in the intake implies that the applicant may take part once only in this activity with respect to the study program to which it relates.
6. The decision, stating reasons, is communicated to the applicant by e-mail at the e-mail address known to Avans University of Applied Sciences. 1. A written objection, stating reasons, to the decision of the Admissions Committee may be made to the Executive Board within six weeks after the date of the decision, as provided for in Article 2.
2. The notice of objection must be addressed to the Disputes Advisory Committee, PO Box 90.116, 4800 RA Breda, The Netherlands.  
See the Avans Student Appeals Procedure for further information.
3. The objection does not suspend the effect of the decision against which it is directed. This means that while the objection is being examined, the applicant is not entitled to take part in a study choice test and/or has no access to teaching and that any account previously granted remains frozen.
4. The person concerned may appeal against the decision regarding the notice of objection to the Netherlands Appeals Tribunal for Higher Education in The Hague, in accordance with the provisions of the Avans Student Appeals Procedure.
