

# Match My Project - Community Org

## What is Match my Project?

Match My Project is a meeting point for the business and community sector, where community organisations can tap into resources, expertise, and funding for projects direct from businesses working with Sovereign Network Group.

## Why should I sign up?

At SNG we seek to maximise social value opportunities through our supply chain to support the communities our residents live within. Our suppliers have a wealth of knowledge, time, and resources that they would like to invest. By registering your community organisation and specific project asks you open yourself up to an audience of businesses seeking social value activity. Suppliers also post their own available resources, if the resource would benefit your organisation you can generate a match.

## What projects can I use Match My Project for?

As a community organisation you could be working on a project ranging from renovating your local community centre, or giving a communal garden some green fingered attention, right through to employment and training projects. Our suppliers could provide you with specific resources such as tools or laptops, expertise in marketing or legal advice or volunteering hours.

We seek to ensure that our social value benefits the communities where SNG customers live, you can find out more about where our customers are located [here](#).

## How do I sign up?

You can register as a community Organisation [here](#). If you would like to have a conversation first, or would like support on registering or uploading a project then please contact [socialvalue@sovereign.org.uk](mailto:socialvalue@sovereign.org.uk)
