Vice-dean Lex Kaper: "We aim for small-scale education and student interaction"

This month, you can expect the National Student Survey (NSE) in your mailbox again. Every year, all students in Dutch higher education are invited to give their opinion on their study programme and university.

For the occasion, students Heleen Mulder (Physics & Astronomy) and Nedim Bjelic (Information Science) spoke with vice-dean Lex Kaper about the quality of education at the Faculty of Science.

Fill in the Student Council's New Year survey!

The Faculty Student Council (FSR) celebrates the start of the new year by organising the New Year's survey.

By filling in this survey, you can help yourself and other students with certain topics that are relevant at Science Park. Among other things, feedback on topics like studying with a physical impairment, support for retakes, enrolment for a minor and mandatory attendance is gathered.

To thank you for your help, you can win one of the five €20 Bol.com giftcards!

UNIVERSITY OF AMSTERDAM

UvA Master's Week

11-17 February
