

DIVERSITY IN OUR DONOR POOL

BACKGROUND

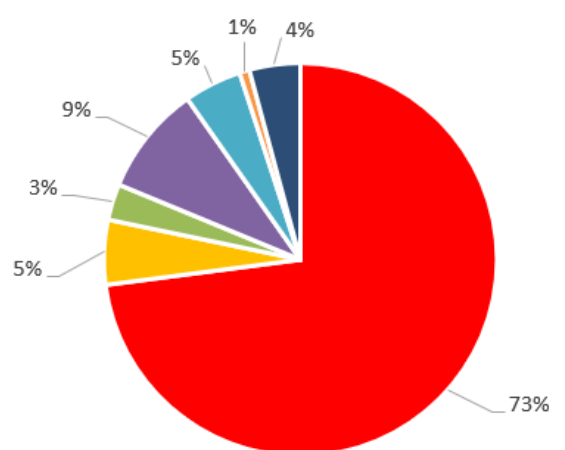

Ethnic diversity on the registry saves lives. As all ethnicities other than Caucasian are heavily underrepresented in the global donor database, DKMS strives to recruit a more diverse range of donors to improve the chances for all patients searching for a matching donor. International expansion and collaboration are key to helping patients worldwide.

ETHNIC BACKGROUND OF OUR DONORS

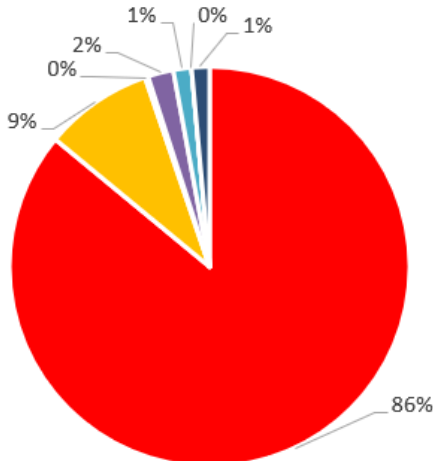

DKMS global (12.3m donors)

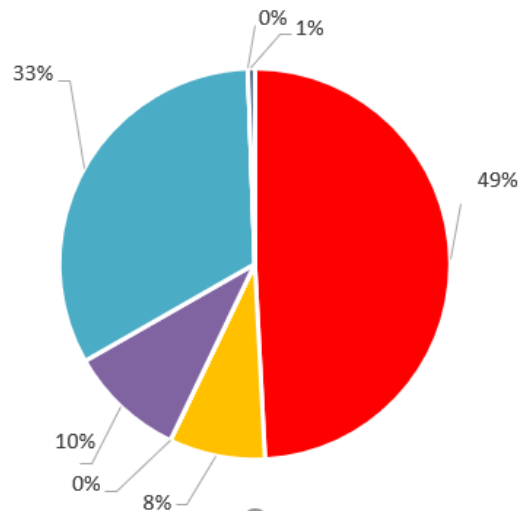

DKMS US (1.2m donors)
