

Cell Therapy Services

Together, we revolutionize blood cancer treatment. Our Cell Therapy Services team is the point of contact for any institution seeking HLA matched donor derived starting material to manufacture Advanced Therapy Medicinal Products (ATMP) for clinical trials or for approved drugs.

Our Tasks

We utilize the unique and diverse expertise of the entire DKMS to contribute to the advancement of cellular therapies. Let's cooperate in the rapidly evolving field of ATMP and gain access to a comprehensive range of expertise and resources across the entire value chain:

DKMS Group gGmbH

Kressbach Hofgut 1, 72072 Tübingen, Germany

Our organization is dedicated to the fight against blood cancer and blood disorders by:

- creating **awareness**,
- **recruiting** hematopoietic stem cell donors to provide a **second chance at life**,
- **raising funds** to match donor registration costs, and
- supporting the **improvement** of blood cancer therapies via **our own research**.
