

# Family Donor Program

## Benefit

- Support concerning workup organization of a family donor living abroad
- Support to get in contact with an experienced hospital/physician in a country where the donor lives or may travel to

## Features

Under defined circumstances, DKMS will support transplant centers to organize a workup for family donors. The family member donation would be organized and carried out **in a country with a DKMS entity (Germany, Poland, UK, Chile, India or South Africa).**

Such circumstances could be

- that the family member may not travel to a transplant center (e.g. due to visa regulations), however may travel to a country with a DKMS entity
- that the family member already lives in a country with a DKMS entity

Furthermore, we could support you in getting in contact with an experienced hospital in a country where the donor may travel to.

## Functions

### How it works

- Send your inquiry to [familydonors@dkms.org](mailto:familydonors@dkms.org)
- We will call you back and discuss with you the possibilities we have to support you and the family donor's collection
- Subsequently, we will coordinate everything with you.
