

# Guidance for shared ownership providers when completing 'Key information about the home'

The information in this document is for the **standard shared ownership model**. These homes will conform to the requirements of the Shared Ownership and Affordable Homes Programme (SOAHP) 2016 to 2021.

This document is intended to accompany property listings for initial sales and resales.

It's for prospective homebuyers:

- who are looking at different homes
- before they have completed a financial assessment

Use it to give homebuyers standardised information when they register interest in a shared ownership home. Providers may brand the document but must not alter the content or order of information.

## To complete the document:

1. Follow the instructions highlighted in yellow.
2. Enter the specific information about the home in the highlighted fields.
3. Delete the statements that do not apply to the home.
4. Delete the instructions.

## Key information about the home

There are variations of shared ownership models which have different features. The model of shared ownership may vary depending on:

- what rules were in place at the time the home was funded or planning permission granted
- where the home is located
- whether the home is for a specific group of people

The table below highlights the key features of common shared ownership schemes. The information in this document is for the **standard model shared ownership**.

Shared ownership model	Older model shared ownership	Standard model shared ownership	New model shared ownership
<b>Minimum initial share</b>	25%	25%	10%
<b>Lease length</b>	Typically, leases were issued for 99 years from new	Leases are for a minimum of 99 years from new but typically at least 125 years	Leases will be for a minimum of 990 years from new
<b>Initial repair period</b>	No	No	Yes
<b>Buying more shares - minimum purchase</b>	10% or 25%	10%	5%
<b>1% share purchase</b>	No	No	Yes
<b>Landlord's nomination period</b>	8 weeks or 12 weeks	8 weeks	4 weeks

When you are looking for shared ownership homes, you should always check the Key Information Document to see which model covers that specific home.

When you buy a home through shared ownership, you enter into a shared ownership lease. The lease is a legal agreement between you (the 'leaseholder') and the landlord. It sets out the rights and responsibilities of both parties.

Before committing to buy a shared ownership property, you should take independent legal and financial advice.

This key information document is to help you decide if shared ownership is right for you. You should read this document carefully so that you understand what you are buying, and then keep it safe for future reference. This document 'Key information about the home' is a summary and you should consider the information in 'Summary of costs' and 'Guide to shared ownership' before making a decision.

This does not form part of the lease. You should carefully consider the information and the accompanying lease and discuss any issues with your legal adviser before signing the lease.

Failure to pay your rent, service charge, or mortgage could mean your home is at risk of repossession.

The costs in this document are the costs as at the date issued. These will increase (typically on an annual basis) and you should take financial advice on whether this will be sustainable for you.
