

The Center for Congenital Heart Defects

Invitation 8th 'Utrecht Sessions'

2nd - 4th February 2023

Hypoplastic Left Heart Syndrome from fetus to stage I

Dear friends and colleagues,

With pride we present the program of our 8th 'Utrecht Sessions' on Hypoplastic Left Heart Syndrome. The first day of our conference (Thursday, February 2nd, 2023) is in Dutch: this day is intended for parents and patients with a congenital heart defect, our referring partners and our care partners.

The international symposium in English will take place on February 3rd and February 4th 2023, for which registration is possible separately.

Program

The first day of our conference (Thursday, February 2nd, 2023) is in Dutch: this day is intended for parents and patients with a congenital heart defect, our referring partners and our care partners. [View the program.](#)

The international symposium in English will take place on February 3rd and February 4th 2023, for which registration is possible separately. [View the program.](#)

Friday February 3rd

08.00 - 08.30 Registration and coffee

08.30 - 08.35 Welcome

Fetal HLHS

Chairpersons: Trinette Steenhuis and Damien Bonnet

08.35 - 09.00 Morphology of the hypoplastic left heart

Speaker to follow

09.00 - 09.30 Fetal imaging: a spectrum of disease

Tara Bharucha

09.30 - 10.00 Fetal interventions in critical left heart lesions - rationale, risks and benefits

Gerald Tulzer

10.00 - 10.10 Case presentation

Olli Pitkänen-Angillander

10.10 - 10.30 Panel discussion:

Challenges in fetal counseling

Tara Bharucha, Gerald Tulzer,

Olli Pitkänen-Angillander

10.30 - 11.00 Coffee break

From birth to Stage I

Chairpersons: Tara Bharucha and Chris Baird

11.00 - 11.25 Imaging strategies prior to Norwood I: what to use when?

Kuberan Pushparajah

11.25 - 11.50 How to handle a restrictive PFO in HLHS

Damien Kenny

11.50 - 12.20 The good and the bad: strategical considerations before stage I

Damien Bonnet

12.30 - 13.30 Meet, greet and eat

Stage I: surgical and interventional strategies

Chairpersons: Aimee Armstrong and Ken Brady

13.30 - 13.55 Norwood stage I palliation

Bram van Wijk

13.55 - 14.20 Hybrid approach

Mark Galantowicz

14.20 - 14.35 Case presentation

Hans Breur

14.35 - 15.20 Panel discussion: The "best" stage I approach

Mark Galantowicz, Hans Breur, Bram van Wijk

15.20 - 15.50 Tea break

Stage I: early sequelae after stage I

Chairpersons:

Mirella Molenschot and Kuberan Pushparajah

15.50 - 16.15 Pulmonary perfusion - out of balance

Aimee Armstrong

16.15 - 16.40 Pain in de arch

Shakeel Qureshi

16.40 - 17.10 The Ultimate Arch - Vivek's view

Vivek Muthurangu

17.10 - 17.40 Single ventricle palliation: a pivotal success or flawed strategy?

Speaker to follow

17.40 - 17.45 Closing remarks

Gregor Krings

17.45 - 17.50 Meet, greet and eat

Saturday February 4th

08.55 - 09.00 Welcome

Peri-operative management in stage I

Chairpersons: Haleh Heydarian and Kim van Loon

09.00 - 09.25 How to prepare for stage I

Thomas Krasemann

09.25 - 09.50 Anesthesia and perfusion strategies

Lucy Hepburn

09.50 - 10.15 Neuro monitoring

Ken Brady

10.15 - 10.40 Anticoagulation before and after stage I

Heleen van Ommen

10.40 - 11.10 Coffee break

Challenges during interstage

Chairpersons: Joanna Dangel and Sjef van Gestel

11.10 - 11.30 Early post-operative management in stage I

Speaker to follow

11.30 - 11.50 Innovation in Pediatric Cardiac Critical Care:

What's new in 5 years from now

Joppe Nijman

11.50 - 12.10 Impaired ventricular function during interstage

Luc Mertens

12.10 - 12.30 Surgical options to address tricuspid regurgitation

Chris Baird

12.30 - 12.50 Early PCPC: strategical trend or bail out procedure?

Hannah Bellsham-Revell

12.50 - 14.00 Meet, greet and eat

Interstage programs - Single ventricle pathways

Chairpersons: Aimee Armstrong and Heynric Grotenhuis

14.00 - 14.20 Linz approach

Gerald Tulzer

14.20 - 14.40 Cincinnati approach

Haleh Haydarian

14.40 - 15.00 Warsaw approach

Joanna Szymkiewics-Dangel

15.00 - 15.15 Closing remarks

Gregor Krings and Paul Schoof

Registration and registration fees Friday 3rd and Saturday 4th

Registration and registration fees ENTIRE program 2 (NL)-3-4

February 2023

The Center for Congenital Heart Defects

[The Center for Congenital Heart Defects](#) is part of the University Medical Center in Utrecht and offers a wide range of diagnostic procedures and treatment for congenital heart defects, in both children and adults. Children are treated at the Wilhelmina Children's Hospital (WKZ); adult patients (Adult Congenital Heart Disease ACHD) at the UMC Utrecht. The two locations are directly linked and collaborate intensively in the UMC Utrecht Center for Congenital Heart Defects. In doing so, we have developed top-of-the-range diagnostic processes, care, treatment and research.

We are looking forward to see you on February 3rd and 4th, 2023 in Utrecht!

Gregor Krings, Bram van Wijk, Gabriëlle van Iperen, Heynric Grotenhuis, Trinette Steenhuis, Paul Schoof, Sjef van Gestel, Michiel Voskuil en Heleen van der Zwaan
