Sibelco supports Kingsteignton Swimming Pool with community donation

Sibelco has continued its support for community organisations in Kingsteignton with a donation to Kingsteignton Swimming Pool to help fund new equipment for the popular local facility.

The company has donated £300 towards the purchase of a much-needed new printer for the pool, which is *'run by the community – for the community'* and used by local residents, families and a wide range of swimming and exercise groups.

A photograph marking the donation shows Richard Giles, Kingsteignton Manager (Operations) for Sibelco, presenting a cheque on behalf of the company to Linda Dawe, Chairperson of Kingsteignton Swimming Pool, with Senior Lifeguard Luis Rowlands.

Sibelco has supported Kingsteignton Swimming Pool for the past three years as part of its wider commitment to supporting community projects and organisations across South Devon.

Each year, the company provides support to dozens of local good causes, including junior and adult sports clubs, schools, environmental charities, arts and community projects, local events and

fundraising initiatives. Alongside financial donations, Sibelco also regularly provides practical support and assistance in kind to organisations in the areas where it operates.

Richard Giles, Kingsteignton Manager (Operations) for Sibelco, said: “As a long-standing local employer, we are committed to supporting the communities around our South Devon operations and helping organisations that make a positive difference locally.

“Kingsteignton Swimming Pool is a valued community facility used by people of all ages and we are pleased to be able to support the team with this donation.”

Linda Dawe, Chairperson of Kingsteignton Swimming Pool, said: “We are very grateful to Sibelco for its donation, which has enabled us to purchase a much-needed new printer for the pool.

“We are always working hard behind the scenes fundraising for the pool. The fantastic support we get from local residents and businesses makes a real difference in helping us maintain and improve this important community facility.”
