

ORIOR acquires 100% of Italian pasta manufacturer Pastificio Gaetarelli

Zurich, 2 March 2026

ORIOR Food AG has acquired full ownership of Italian pasta manufacturer Pastificio Gaetarelli as planned on 25 February 2026. The previous minority stake of 19% has been increased to 100%. With this step, ORIOR is consistently strengthening its strategic position in the premium fresh pasta segment and sending a clear signal for focused, value-creating growth. Gaetarelli's traditional craftsmanship strengthens ORIOR's position in the high-quality fresh pasta segment and complements Pastinella's innovative strength and long-standing pasta expertise.

Pastificio Gaetarelli, based in Salò on Lake Garda, is an established manufacturer of high-quality pasta for the retail and food service sectors. Gaetarelli and the ORIOR business unit Pastinella have enjoyed a close operational partnership for many years. The now completed acquisition is therefore a logical and forward-looking next step in a long-standing partnership. The acquisition adds a low single-digit million amount in sales to third-party customers in Europe. Gaetarelli, with around 30 employees, will remain an independent company based in Italy. Continuity, corporate identity and local roots are being deliberately preserved. Organisationally, the company is managed by the Pastinella business unit and is a subsidiary of ORIOR Food AG. The purchase price for the 81% stake acquired was in the mid-single-digit million range.

This acquisition underlines ORIOR's clear commitment to targeted investment, pooling strengths and actively shaping the future of high-quality fresh pasta.
