

Current and Closed Variable Rate Savings Accounts

Effective 21 January 2026

Our interest rates

Please refer to the Product Special Conditions and the Savings General Terms & Conditions for full product details.

- Please refer to the [gov.uk](https://www.gov.uk) website for details on the different tax thresholds and what action may be required by yourself.
- All ISA interest is paid tax-free. Tax-free refers to the contractual rate of interest payable, where interest is exempt from income tax. The tax information provided is based on the current law and HM Revenue & Customs rules, both of which may change.
- Interest will be paid gross which means no tax is deducted. It is your responsibility to pay any tax due based on your individual circumstances.
- If you are responsible for tax in a country other than the UK, or in addition to any UK tax responsibility you may have, we may provide details of your account to the tax authorities of these other countries if we're required to do so by law.

Glossary of terms

AER stands for Annual Equivalent Rate and shows what the interest rate would be if interest was paid and added to your account each year.

Gross means the contractual rate of interest, without the deduction of tax.

Whenever we revise our rates, notification and details of any changes are always published in the following ways:

- Notices displayed in all of our branches; or
- On our websites:
[newcastle.co.uk](https://www.newcastle.co.uk)
[manchester.co.uk](https://www.manchester.co.uk)

In addition to the above, for changes to your interest rate that disadvantage you, we will provide personal notice in writing at least 14 calendar days before the change is due to happen, as outlined in our Savings General Terms & Conditions.

If you have a fixed rate account, the interest rates are not included in this leaflet. Please refer to your Product Special Conditions for the interest rate payable as this will not change before the maturity date. We will write to you around 14 days prior to maturity, to notify you of the maturity of your account.
