

Documents to prove your identity and address

Why does Newcastle Building Society ask for identification?

Under UK money laundering regulations we must verify the identity of all of our customers to a satisfactory level.

What identification will I need to provide?

The Society will initially attempt to identify all customers electronically by using software which checks a series of databases for identification information. This search does not affect your credit rating. In some cases we may find it necessary to request paper identification to prove your name and/or address.

Existing customers may have already been identified in-line with current regulations therefore we will tell you should further documents be required. Whenever paper identification is requested you will be informed as to whether we require proof of name, proof of address or both.
