

How it works

The prices listed throughout this document and on our website, are based on a licence per learner, per course and are excluding VAT. Programme licenses are required to enable learners to be assigned to a course, these can be purchased through our website or via our dedicated customer support team.

Highfield have created off the shelf programmes, which are either linked to an Apprenticeship Standard or a Highfield qualification. When purchased, the programme licences include Vault access, and a Highfield workbook and textbook, where available.

Looking for something bespoke?

No problem! Bespoke programmes can be created and materials or resources can be digitised. We'll work with you to design how the programme looks and works. Prices per licence are listed below, please speak to a member of the team for further information on the set up and cost.

- Set up fee: TBC
- Qualification: £13.00 +vat
- Apprenticeship Standard: £26.25 +vat
