## EIT DIGITAL – ABOUT

EIT Digital is a leading European digital innovation and entrepreneurial education organization founded in 2010 by the European Commission as part of the **European Institute of Innovation and Technology (EIT)**.

EIT Digital has **over 300 partner** organizations, including major corporations, SMEs, startups, universities, and research institutes.

Its primary activities include driving **digital innovation**, fostering entrepreneurial **talent**, and supporting the growth of digital **startups** across Europe through its innovation and education programs.

Like other EIT KICs (Knowledge & Innovation Communities), EIT Digital ensures its presence across Europe and beyond through regional offices hosted by member organizations. This arrangement facilitates close **collaboration** with stakeholders, leveraging local expertise and fostering strong connections within the digital innovation ecosystem.
