[0:04] **Speaker, Ross:** It all started because we was homeless living in my car for right about, well, a good couple months which was obviously not not great. That was quite scary in some places. But we got a hold of Sovereign.

[0:19] **Speaker, Maggie:** They put us into temporary accommodation into a studio flat perfect at the time. And now we're in a two bedroom flat with its own garden, its own front door. So we don't have to go into blocks. We're sort of separated out in the countryside, beautiful setting because they put us in our ideal location.

[0:39] **Speaker, Ross:** Yeah, definitely.

[0:42] **Speaker, Maggie:** Definitely helped us.

[0:45] **Speaker, Ross:** They've got other things like grants for white goods if you move into a property, they help you look for work, help you set up a business and stuff like that, help your CV if you need help. Don't be scared to just ring them. And once you speak to someone there...

[1:01] **Speaker, Maggie:** They don't bite (laughs)

[1:07] **Speaker, Ross:** (laughs) No, they don't bite. They're really good. They helped us out amazingly.
