Gateway requirements – **Level 1 English and Maths (optional for 19+, please see funding rules) and portfolio of evidence**

End-point assessment method – **Work-based case study, Portfolio of Evidence, VIVA**

Overview of the standard:

The housing and property management assistant occupation is customer facing and primarily responsible for the creation and sustainment of successful tenancies in the private and social rented housing sectors. This work must comply with contractual, statutory and legal regulations and approved Codes of Practice.

The work is varied and often includes addressing complex people-related matters (for example, supporting people to live independently) as well as property-related responsibilities. The role incorporates a degree of lone working with minimum supervision whilst predominantly working within the wider organisation and team, communities and external partners.

Housing and property management professionals are proactive in finding solutions to problems and identifying areas for improvement. They take individual responsibility for the quality and accuracy of their work and its administration.

The apprenticeship prepares an individual for a range of general housing and property management duties leading to operational or specialist roles.
