Powder coatings from PPG

For more than 30 years, PPG has provided manufacturers and custom coaters with world-class powder coatings that combine beautiful finishes with exceptional protection performance while limiting impact on the environment*.

A comprehensive mix of acrylic, epoxy, polyester, epoxy-polyester hybrid and urethane coatings give our customers the flexibility and formulations they require to meet their demands.

The PPG Benefit

- Global reach with local service
- Increased speed and convenience with color matching
- Advanced styling and color trend consultation
- Available in a wide variety of colors, glosses and finishes
- Reduced energy costs, TGIC NIA**, BPA NIA**
- Reclaimable
- Extreme performance protection against weathering, chip and scratch and high temperatures
- Wide variety of specialty coatings: low-cure, anti-microbial*** protected, high-transfer efficiency, high-edge, dielectric powder and ultradurable

Suggested markets

Heavy Duty Equipment

Office Furniture & Equipment

Extrusion Coatings

General Industrial

Appliances

Transportation

Bicycles

Automotive Parts & Accessories

Consumer Electronics

Interior Building Products

*No solvent

**Non intentionally added

***Antimicrobial is limited to the surface of the cured film to provide mold and mildew resistance on the paint film and to inhibit the growth of stain and odor-causing bacteria that may affect the surface of the coating. The use of these products does not protect users of any such treated article or others against food-borne or disease-causing bacteria, viruses, germs or other disease-causing organisms.

Technologies and performances

PPG Product Line	Chemistry	End-use	Corrosion	UV	Added Value / Benefit
ENVIROCRON® PCM - P5 Series	Epoxy	<ul style="list-style-type: none"> Protection and decoration of interior parts Gas or liquid tanks, pipelines, structural steelwork, trucks Trailers and car parts 	+++	N/A	Chemical resistance and corrosion resistance
ENVIROCRON® PCF - P8 Series	Epoxy Polyester or Hybrid	<ul style="list-style-type: none"> Domestic and industrial appliances Indoor application e.g. shelving, office furniture, partitioning, white goods Protection and decoration of interior parts 	++	+	Good compromise for decorative parts with optimized price
ENVIROCRON® PCS - P7 Series	Polyester Industrial	<ul style="list-style-type: none"> Lighting equipment and construction Electrical cabinets Industrial outdoor application e.g. agricultural machinery, garden furniture, fencing, electrical Domestic and industrial appliances Indoor application e.g. shelving, office furniture, partitioning, white goods 	+	++	Outdoor use with enhanced UV resistance
ENVIROCRON® PCS - P4 Series	Polyester Architectural	<ul style="list-style-type: none"> Urban furniture Steel or galvanized steel for cladding Aluminum profiles and sheets Verandas, doors, window frames, facades 	+	++	Outdoor use with enhanced UV resistance, Qualicoat & GSB approved
ENVIROCRON® PCS - P1 Series	Polyester Industrial Ultra Durable	<ul style="list-style-type: none"> Trailers and automotive parts Industrial outdoor application e.g. agricultural machinery Gas or liquid tanks, pipelines, structural steelwork, trucks Lighting equipment and construction, garden furniture, fencing, electrical 	+	+++	Outdoor use with excellent ultradurable performance
ENVIROCRON® PCS - P2 Series	Polyester Architectural Ultra Durable	<ul style="list-style-type: none"> Urban furniture Steel or galvanized steel for cladding Aluminum profiles and sheets Verandas, doors, window frames, facades 	+	+++	Outdoor use with excellent ultradurable performance, Qualicoat approved
ENVIROCRON® PCA - P0 Series	Acrylic	<ul style="list-style-type: none"> Car parts, e.g. trims, wheels Bicycles 		++++	Outdoor use with excellent ultradurable performance, fast cure application and outstanding optical properties
ENVIROCRON® PCU - P3 Series	Polyurethane	<ul style="list-style-type: none"> Car parts, e.g. trims, wheels Machinery Indoor application e.g. shelving, office furniture 	+	++	Outdoor use with excellent chemical resistance

Primers

PPG's primers complete product portfolio offers different formulations to provide optimal anti-corrosion protection across a wide range of substrates.

Product benefits

- Excellent corrosion protection
- Excellent chemical resistance
- Zinc and specifically formulated without zinc* generation
- Low consumption
- Enhanced intercoat adhesion
- Good overcuring capability
- Extreme edge coverage

* < 100 ppm

Suggested end uses

Structural steelwork

Trucks, trailers & car parts

Interior and exterior parts

Gas or liquid tanks

Pipelines

Primer product offer

PPG Product Line	PPG PRIMERON® Zinc PCM - P5 Series P512G000R-YD (SAP code: 297176)	PPG PRIMERON® Pro PCM - P5 Series P511G508R-YD (SAP code: 272470)	PPG PRIMERON® Edge PCM - P5 Series P513G091R-YD (SAP code: 297015)	PRIMERON® Flex PCF - P8 Series P852G001R-YD** (SAP code: 441728)
Chemistry	<ul style="list-style-type: none"> Epoxy Zinc rich 	<ul style="list-style-type: none"> Epoxy Zinc free* 	<ul style="list-style-type: none"> Epoxy Zinc free* 	<ul style="list-style-type: none"> Epoxy-polyester Zinc free*

Architectural Outdoors

PPG's ENVIROCRON® PCS – P4 series is a polyester architectural standard durability TGIC NIA* and lead NIA* powder coating formulated for application on aluminum extrusion and sheets, steel and galvanized steel substrates. P4 series meets the requirements of the building industry thanks to their excellent outdoor durability and mechanical properties.

Additionally, the P4 series is the selected premium standard offering for all industrial applications and is available in stock ready for quick shipping.

Product benefits

- Excellent UV fastness
- Available in a wide range of gloss finishes and surface effects
- Qualicoat and GSB approved

Key attributes

- Customer colors
- Limited environmental impact**

*Non intentionally added

**No solvent

Suggested end uses

Urban furniture

Steel or galvanized steel for cladding

Aluminum profiles and sheets

Verandas, doors, window frames, facades

Metal and office furniture, shelving

All other domestic and industrial appliances

Polyester Architectural Outdoor Gloss product offer

¹⁾Dry Blend Metallic

²⁾ Bonded Metallic

Polyester Architectural Outdoor Matt product offer

Trendy matt finishes

Matt finishes are currently quite popular and quickly becoming the finish of choice in modern architecture, home décor, furniture and fixtures. The Matt trend is also influencing appliance styling with consumer demand growing for dark neutrals and soft, creamy hues for metallic appliances and other traditionally glossy surfaces.

As a leader in color and finishes, PPG has selected the most popular colors to create a palette of premium Matt finishes for a variety of indoor and outdoor applications.

Product benefits

- High scratch resistance
- Matt, even look with a very soft finish
- Excellent hiding power to cover substrate irregularities and casting defects
- Enhanced UV resistance
- Available in small quantities

Matt (25-35 Gloss Units), Smooth

Polyester Architectural Outdoor Fine Textured product offer

High-quality fine textured finishes

Rich colors with matte, premium finishes are trending in the architectural market. The uniformly fine texture of the coating creates a soft, matte finish and gives solid colors an elegant, sophisticated and contemporary metallic look. Twenty of the most popular hues in matte finishes are now in stock for immediate supply.

Product benefits

- High scratch resistance
- Good hiding power to cover casting defects
- Low sensitivity to product contamination in the paint line
- Good edge coverage due to high viscosity
- Excellent corrosion protection
- Easy application

Polyester Architectural Outdoor Fine Textured product offer (continued)

Dead Matte (4-8 Gloss Units), Fine Textured

Unica Collection

Our global color experts have curated eight timeless color palettes that reflect emerging and influential design trends across industries, cultures and styles.

The architectural outdoor collection Unica features 48 different hues from pastels to neutrals, metallics and textured finishes. The powder color collection is ideal for a broad range of interior and exterior applications, including window and wall panels, doors, lighting, home accessories and patio furniture.

Suggested end uses

- Urban furniture

- Steel or galvanized steel for cladding

- Aluminum profiles and sheets

- Verandas, doors, window frames, facades

- Metal and office furniture, shelving

Industrial Outdoors

PPG's ENVIROCRON® PCS – P7 series, is a polyester industrial product designed for the decoration and protection of metal components for both outdoor and indoor use. It offers good weathering resistance, mechanical properties and a balance of coating properties.

Product benefits

- Excellent flow and appearance
- Good balance between UV fastness and corrosion protection
- Available in a wide range of solid and metallic color, gloss finishes, and surface effects
- Formulated without heavy metals

Key attributes

- Customer colors
- Limited environmental impact*

Suggested end uses

Lighting equipment and construction

Electrical cabinets

Industrial outdoor application e.g. agricultural machinery, garden furniture, fencing, electrical

Domestic and industrial appliances

Indoor application e.g. shelving, office furniture, partitioning, white goods

*No solvent

Polyester Industrial Outdoor product offer

Gloss (75-85 Gloss Units), Smooth

*** Visual Assessment

Clearcoats

PPG's ENVIROCRON® range of powder clearcoats includes a polyester industrial PCS series, as well as a PCA series formulated to protect your products against UV aggression, scratch and chemicals.

Product benefits

- Enhanced transparency
- Exterior ultra durability
- Superior flow and optical appearance
- Very good leveling even at low film thickness
- Chemical resistance
- Soft Touch
- Excellent colorfastness of bicycle decals

Key attributes

- Limited environmental impact*

Suggested end uses

Bicycles

Automotive parts and accessories

Industrial outdoor application, e.g. baffle boards, terrace and garden furniture

Facade elements, e.g. plates, profiles and casings

Lighting equipment and construction

Domestic and industrial appliances

*No solvent

PPG: WE PROTECT AND BEAUTIFY THE WORLD®

A trusted global coatings leader

Operations in 75+ countries, with 100+ manufacturing facilities and 50,000 employees

Renowned color expertise

Trend-setting palettes for home, auto and industry paired with unrivaled color matching

Commitment to sustainability

Over 39% of annual sales from sustainably advantaged products and processes

Dedication to innovation

3,500+ technical employees and \$470 MM average annual R&D investment

Industrial coatings from PPG

- World-class technical services and training
- Help meeting specific, coatings-related environmental mandates
- Assistance setting up new equipment and identifying areas where your processes may be streamlined
- Troubleshooting production issues
- SECURE LAUNCH EXCELLENCE® accelerated custom product formulation and color development process
