

## Surface signs

### Preformed thermoplastic logos and surface signage for asphalt and concrete

Maximize traffic guidance, increase brand awareness, enhance community pride, and promote school spirit with ENNIS-FLINT<sup>®</sup> by PPG DECOMARK<sup>®</sup> preformed thermoplastic horizontal surface signage.

Engineered to last 6 to 8 times longer than paint – and even longer in areas with only pedestrian traffic – these durable signs offer unique visuals in a variety of eye-catching colors.

#### Design

- Lasts 6 to 8 times longer than paint with a clean, crisp appearance
- Enhanced community or school pride / brand awareness
- Available in a variety of bright, bold colors

#### Installation

- Precut, interconnected shapes and colors make it easy to handle
- No specialty equipment, custom tools, templates or grids needed
- Fast installation and minimal traffic downtime

#### Pedestrian Safety

- Anti-skid elements distributed evenly throughout material for enhanced slip resistance
- As material wears, new anti-skid elements are exposed

#### Compliance/Certification

- ADA-compliant pedestrian and wheelchair friendly surface
- Facility is ISO 9001:2015 certified for the design, development and manufacturing of preformed thermoplastic

## Installation

Whether a basic, two-color, directional message or a multi-colored, custom logo, each *DecoMark* surface sign design begins with a CAD drawing and is created via an intricate manufacturing process. At the time of installation, the applicator will receive pre-cut sheets of interconnected material with application instructions and a diagram for proper layout. Each sheet of *DecoMark* thermoplastic material can easily be lifted and positioned onto an asphalt or concrete\* surface for application with a propane heat torch or large heater.

We can also train your employees in proper application techniques. For more information, please contact your PPG sales representative.

**Step 1: Prepare**

**Step 2: Position**

**Step 3: Heat**

\* Use on concrete requires sealer.

## Standard Colors

**WARNING:** Certain colors of this product may contain chemicals known to the State of California to cause cancer and/or reproductive harm. For more information go to [P65Warnings.ca.gov](http://P65Warnings.ca.gov).
