

Color Panel Services Request Form

Matthews Paint does not stop at great products. We believe in great service too! When creating color panels for your sample boards... you can count on Matthews' highly skilled color team to hit the target quickly and accurately. We will provide 3.75 x 5.87in steel panels for the colors you specify to keep your team on track. We will even help with the specifications for your substrates. All this is at no charge to Architects and Designers. We have over 100,000 colors in our library so please give us enough time to have our lab make up and spray out the colors. With the unbeatable price, speed and accuracy, you will never have to look further than Matthews Paint for your color needs! To request your color panels, complete the form below and email it to mpcmail@ppg.com.

Note: The turnaround time may take 6-8 weeks, depending on the size and complexity of the request. For a faster turn-around, consider limiting the number of colors and panels requested.
