

NIOSH-approved safety expert solutions

Safety equipment catalogue

MADE IN THE U.S.A.

We protect and beautify the world®

Full-face respirator and accessories

5-point head harness and clasps
5-point strap helps provide a more secure fit; clasps provide quick, easy adjustments

Dynamic face seal flange
NIOSH approved for S, M and L face sizes

Bayonet cartridge connections
Allow quick and easy use of a wide variety of cartridges

SILICONE RUBBER

Optical quality polycarbonate panoramic lens
Provides 90% field of vision

Inner orinasal cup
Made of silicone rubber to provide maximum comfort
Prevents lens fogging

Protective valve cover
Protects exhalation valve from grinding particulates and overspray

Full-face respirator

DESCRIPTION	PART #
Silicone Full-Face Respirator	GER089955/EA
1/box, 2 boxes/case	

Full-face accessories / replacement parts

DESCRIPTION	PART #
Protective Lens Film, Peel-Offs	GER08711122/PK
25/bag, 4 bags/case, 100/case	
Head Harness (sold individually)	GER08711613/EA
1/case	

Half-mask respirators and accessories

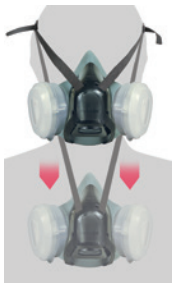

Drop-down respirator

9500 Series Advanced Function Half-Mask Respirator

Advanced QUICKDROP™ function system is designed for easy removal of mask from face without rethreading or the need to remove protective headgear or eyewear.

- Slick, new design incorporating five advanced features
- Liquid silicone rubber
- Quick 1/4-turn bayonet connection
- Bonus hygiene guard for clean storage and product protection
- Packaged in attractive 4-color foil bags with pegboard hanging hole

QuickDrop™

2-step comfort

Suspend the mask to interact with your co-workers. Quick adjust clip allows you to easily put it back on without removing headgear.

Valve cover

Protects valve from overspray and directs breath downward to prevent fogging.

Adjustable head cradle

Precise fit and comfort

Liquid silicone

Ultra comfort and durability

Quick turn

1/4 turn bayonet connection

DESCRIPTION	PART #
Liquid Silicone Drop-Down Half-Mask Respirator (Medium)	GER0879572/EA
Liquid Silicone Drop-Down Half-Mask Respirator (Large)	GER0879573/EA
1/bag, 24/case	

Read and understand instructions and warnings before using this product.

Half-mask respirators and accessories (cont.)

SIGNATURE SELECT SERIES

TPE half-mask respirator

- Soft, lightweight and durable elastomeric face piece
- Cradle suspension and easy-to-adjust head straps
- Each face piece is provided with unique, bonus hygiene guard for clean storage and product protection

DESCRIPTION	PART #
TPE Half-Mask Respirator (Small)	GER0871287/EA
TPE Half-Mask Respirator (Medium)	GER0871483/EA
TPE Half-Mask Respirator (Large)	GER0871484/EA
1/bag, 24/case	

Alcohol-free respirator wipes

- Great for hygienic cleansing of respirators.
- Use on personal protection equipment shared between workers.

DESCRIPTION	PART #
Alcohol-Free Respirator Wipes	GER100005/PK
100/box, 10 boxes/case, 1,000/case	

Respirator cartridges and filters

Organic vapor filters

Gas and vapor replacement cartridges for all full- and half-mask respirators

- NIOSH-approved respiratory cartridge
- Low profile, swept-back cartridges for greater field of vision and use with eyewear/goggles

DESCRIPTION	PART #
Cartridge - Organic Vapor, 2-pack	GER08G01-12/PK
Cartridge - Organic Vapor/Acid Gas, 2-pack	GER08G03-12/PK
1 pair/bag, 30 bags/case	

Respirator cartridges and filters (cont.)

Particulate filters

NIOSH 99.97% filter efficiency. Effective against all solid and oil particulate aerosols. GER08XP100OV-AG/PK is also effective against nuisance level OV/AG.*

DESCRIPTION	PART #
Filter Disk - P100, "Pancake Style", 2-pack	GER08XP100/PK
Filter Disk - P100 Nuisance OV/AG, "Pancake Style", 2-pack*	GER08XP100OV-AG/PK
1 pair/bag, 50 bags/case, 50 pairs/case	

* **WARNING:** Not NIOSH approved for ozone protection, organic vapors or acid gases. "Nuisance Level" refers to concentrations not exceeding the OSHA PEL or applicable government standards for exposure limits, whichever is lower. Do not use in or around sandblasting operations.

Particulate filter pads

NIOSH 95% filter efficiency. Effective against all solid and oil particulate aerosols.

DESCRIPTION	PART #
P95 Particulate Filter Pad	GER0871916/BX
5 pair/box, 10 boxes/case, 50 pairs/case	

DESCRIPTION	PART #
Filter Pad Retainer	GER0871620/BX
10 pair/box, 2 boxes/case, 20 pairs/case	

Full-face respirator kit

Blister-packed full-face respirator kit

- Packaged with 2 each of G01 OV cartridges, P95 pre-filters and retainers
- One size for small, medium and large face sizes

DESCRIPTION	PART #
Silicone Full-Face Respirator Kit with G01-OV Cartridges, P95 Pre-filters and Retainers	GER089955-KIT1/BX
1/case	

Half-mask respirator kits

Cartridges not replaceable.

ONE-STEP™ disposable respirator

NIOSH OV/P95 approved

- Premium quality TPE for greater comfort
- OV Cartridge with premium quality non-degrading P95 filter for multi-shift use against solid and liquid aerosols, including oil-based aerosols
- OV/P95 filter provides at least 95% filtration efficiency against organic vapor, solid and liquid aerosols, including oil-based aerosols.*
- Completely assembled and individually packed in resealable foil bags
- Bonus hygiene guard for clean storage and product protection

DESCRIPTION	PART #
TPE Half-Mask Respirator (Small)	GER0871287/EA
TPE Half-Mask Respirator (Medium)	GER0871483/EA
TPE Half-Mask Respirator (Large)	GER0871484/EA
1/bag, 12 bags/case	

"P" Level non-degrading filter does not require change-out at end of every shift and can reduce use cost by 50-100%

Full-elastomer nose bridge and softer elastomer for superior wearing comfort

Hygiene guard storage cap

Keeps respirator clean and prevents damage to the face piece

Reusable foil storage bag

Plus individually wrapped respirator help assure best respirator life

Rugged, engineering-grade ABS plastic for frame and cartridges provide durability and trouble free use

Complete spray paint kit

The most advanced paint spray respirator in the market!

Valve cover

Covered exhalation valve is protected from paint overspray for safety and longer life

Quick adjust

Effortlessly accommodate various head sizes with quick-adjust head straps. Experience comfortable cradling through the multi-position head crown.

Silicone rubber

Professional-grade silicone rubber for outstanding comfort and durability

Completely assembled with OV/P95 filters and ready to use!

The next generation of PBE respiratory protection, with exciting features and an updated design

- ✓ Sleek new design
- ✓ Lower cost than the leading brand paint-spray respirator
- ✓ Use as a disposable or replace cartridges
- ✓ A complete paint spray respirator kit at a lower cost than the leading disposable half-mask brand!

QuickDrop™

Experience unmatched convenience with the *QuickDrop* feature. Easily remove respirator without taking off your hat or hood. Keep it ready at your chest for quick access.

Packaging and contents

1 pair P95 filters

NIOSH 95% filter efficiency with solid and oil aerosols

Drop-down 9500 respirator

Professional silicone rubber respirator, completely assembled with cartridges and filters

1 pair organic vapor cartridges

Effective against certain organic vapors

1 pair filter retainers

Use to securely retain the filter pads

DESCRIPTION	PART #
Drop-Down Complete Spray Paint Kit (Medium)	GER0879572-KIT1/EA
Drop-Down Complete Spray Paint Kit (Large)	GER0879573-KIT1/EA
1/bag, 12 bags/case	

Half-mask respirator kits (cont.)

Industrial kit - silicone P100

NIOSH P100 approved. Provides at least 99.97% filtration efficiency against all solid and liquid aerosols, including oil-based aerosols.*

Typical uses include environments with welding, mold, smelting or silica and concrete dust.

Helps provide protection for certain particulates found in welding at concentrations up to 10X the Permissible Exposure Limits (PEL).

Welding:

Helps provide protection for certain particles found in welding at concentrations up to 10X the Permissible Exposure Limits (PEL).

Mold remediation:

When used in accordance with US-EPA Guidelines.

Silica and concrete dust:

To reduce exposure to respirable crystalline silica dusts when used in accordance to OSHA Regulation 29 CFR 1926.1153.

Smelting:

WARNING: Use only in accordance with OSHA use limitations and NIOSH substance-specific requirements. Consult an industrial hygienist before occupational use of any respiratory device.

- Professional series face piece provides more comfort and greater durability
- Easy-to-adjust, comfortable head strap assembly
- Soft, comfortable silicone face piece
- Bonus hygiene guard for clean storage/product protection
- Each kit comes with (1) silicone rubber half-mask respirator and (2) XP100 pancake filters

DESCRIPTION	PART #
Silicone Half-Mask Respirator (Med.)	GER089265-KIT/EA
Silicone Half-Mask Respirator (Large)	GER089365-KIT/EA
1/bag, 12 bags/case	

* **WARNING:** Not NIOSH approved for ozone protection, organic vapors or acid gases. Do not use in or around sandblasting operations.

Particulate respirators

N95 respirator and N95 respirator with oversized exhalation valve

FDA-cleared, NIOSH-approved surgical N95 respirator that provides at least 95% filtration efficiency against certain non-oil based particles.

Molded N95 respirator

- More durable, molded double-shell construction for long life and better value
- Electrostatically-charged filter media provides low breathing resistance
- Latex-free, staple-free head straps for comfort and safety
- Contoured aluminum nose-clip provides greater comfort and helps reduce potential fogging
- Soft foam inner nose cushion
- Oversized valve model provides lower breathing resistance than standard model

Highest quality

- Fluid resistant – 160 mm Hg
- Meets CDC guidelines for TB exposure control

Trusted

- ISO 9001: 2015 certified manufacturing of respirator protective devices
- Made in Middleboro, MA

DESCRIPTION	PART #
N95 Particulate Respirator	GER081730/PK
20/box, 12 boxes/case	
N95 Particulate Respirator with Valve	GER081740/PK
10/box, 10 boxes/case	

Fit test kit

Fit Test Kits do not include respirator

Qualitative fit test kit

A qualitative fit test checks if a respirator forms a proper seal on a wearer's face. A subject dons a mask and hood, and the tester sprays a sweet (Saccharin) or bitter (Bitrex) aerosol inside. If the subject tastes the spray, the seal has failed.

- OSHA-approved test
- Use with any filtering (disposable) face pieces and negative-pressure half- or full-face respirators
- Sufficient solution for up to 55 tests

Each kit contains the following:

- | | | |
|--------------------------|--------------------------------------|-----------------------------------|
| (1) Hood | (1) Fit Test Solution | (2) Cleaning Tools |
| (2) Nebulizers | (4) Replacement Aerosolizing Nozzles | (1) Instructional USB Flash Drive |
| (1) Sensitivity Solution | | |

DESCRIPTION	PART #
Qualitative Fit Test Kit - QLFT50 - Saccharin	GER065000/KT
Qualitative Fit Test Kit - QLFT60 - Bitrex	GER066000/BX
1/pack, 1/case	

Fit test solution – Bitrex

- Additional 60-ml bottles of Bitrex solution for use with Qualitative Fit Test Kits

DESCRIPTION	PART #
Fit Test Solution - QLFT62 - Bitrex	GER066200/EA
6 bottles/pack, 6 packs/case, 36 bottles/case
