STORY STARTER

Use the story starter below, taken from *The Great Rocket Robbery* to write you own space story. What do you think are the two most important things the dogs know, and what might happen to them in the Freezing Cold City?

In Russia, in Freezing Cold City, almost none of the dogs have humans to take care of them.

The small dogs of Freezing Cold City live on the streets. They know all the tiny warm corners of the city, the shop doorways and the alleyways. They know how to get humans to give you food by doing tricks or being friendly.

But the two *most* important things they know are ...

SPACE FACTS

Below are some super space facts to share with your friends and classmates - can you find more of your own to add to them?

One day on Venus is longer than a year on Earth

There is a volcano on Mars that is three times the height of Mount Everest

You wouldn't be able to walk on Jupiter, Saturn, Uranus or Neptune because they have no solid surface

The sunset on Mars appears blue

The Apollo astronauts' footprints on the moon will stay there for millions of years because there isn't any wind or water there to blow or wash them away

You can fit one million Earths inside the Sun
