

Make Your Own Mini Megaphone

Shout loud for the Wonder Team!

INSTRUCTIONS

1. Colour in this mini megaphone
2. Ask an adult to help you cut carefully around the thick black outline and inside the handle
3. Apply glue or double-sided sticky tape to the flap on the left edge of the megaphone
4. Roll up the megaphone and stick the left edge inside the right edge so you have a cone shape (it might take a few minutes to dry if you have used glue)
5. Now you're ready to kick off a new adventure and shout loud for your favourite team!
