

## South Central Area League Management Committee AGM Report 2025-26

Thank you to all clubs for the immense amount of work you have done to get teams out to play hockey over the season.

Our congratulations go to Trojans OM1 for winning the Premier Division title and therefore promotion to Conference. Witney W1 were successful in doing the same in the Women's Premier League. We are fortunate this season NOT to have any relegations from the Conference league.

Pennants for the Champions of each Division have been posted out or presented.

South Central held its inaugural play off competition the 18th of April and the following teams were successful and will be promoted as shown. Feedback from those present is that the day went well and should be continued in future seasons.

- Wallingford OM1 promoted to Premier Div 2
- Yateley OM 3 promoted to North 6
- Romsey OM4 promoted to South 6
- Oxford W2 promoted to Premier Div 2
- Marlow W4 promoted to North 3
- Winchester W4 promoted to South 3

Thank you to all twelve teams for making it an exciting day of hockey. This day would not have been possible without Umpires, and we thank the South-Central Officiating team for providing them. We also had Match Officials for each pitch, and we thank them and the Technical Director for their support.

The Promotion and Relegation lines are now on GMS and transposed to the South-Central website. It is with regret that I have to report that the prediction we laid out in the Season Welcome Letter has come to fruition, with the number of relegations in the Ladies South divisions 1, 2 and 3 and into the sub-areas being much greater than we had hoped. This has been exacerbated as no team has been relegated from Premier 2 to the Women's North divisions. This will certainly mean 13 or 14 team divisions next season.

The Area regulations for 26/27 are with EH and we hope to be able to circulate them by the end of May.

It is hoped that the league's fixtures will be released in early June.

We have been tracking goalscorers and the number of clean sheets teams have had, and here is the result. Well done to all.
