

MIDLANDS ADULT LEAGUE

GMS update July 2024

Just a quick update this time

GMS

Fixtures

I am pleased to announce that the Fixtures have now been loaded on GMS and will soon be available on the Midlands Website.

Fixture Secretaries can now start updating GMS with Venues and Start Times (GMS 'From time'). This year we would also ask you to ensure that End Times (GMS 'To time') are added, as these are used by GMS to aid reporting.

Contact Details

Please ensure you Club GMS Admin contacts, Club Admin, Team Contacts, have their phone numbers and e-mails addresses viewable.

Improvements

Following work between Area, EH and the service provider, there will be improvements in the Transfer Process and the GMS Match Day Management Process. Once these changes have been finalised, and tested, full details will be communicated.

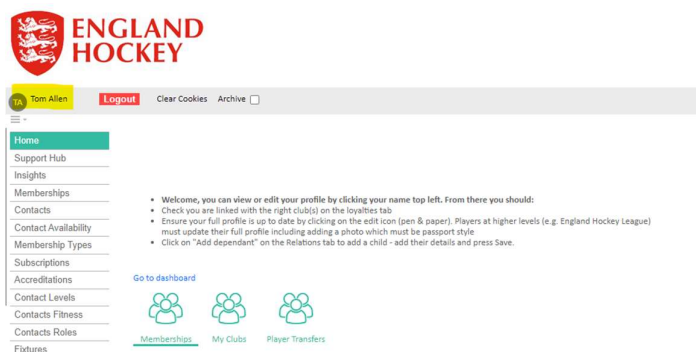

Consent

Can you remind all your players that for Midland data to be meaningful all players need to update their GMS Profiles to allow 'consent' for their names to appear on Match Details.

Process for individuals:

Consent can be given or withdrawn via an individual's profile on GMS.

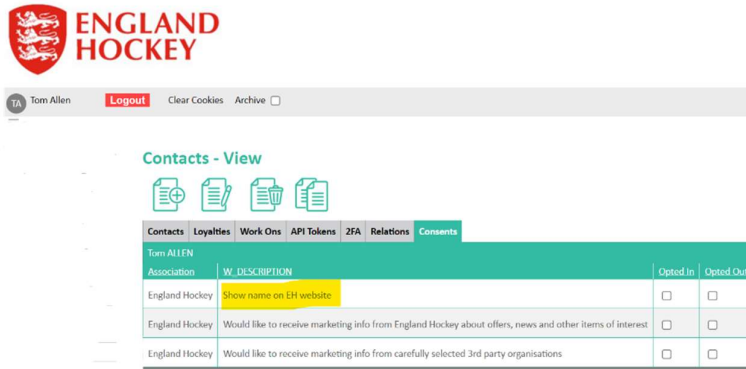

- From the home screen, click on your name (in the top left-hand corner):

- On the next screen, select 'Consents' – where you can consent or withdraw consent for your name appearing on a match sheet on the website:

- If a player does not tick either box – it will be assumed that consent is not given and therefore the name will not be shared

Guidance

We now have the GMS Guidance for Club Administrators complete and will be posting printed, laminated, copies to all Clubs we require some postal addresses.

Can all Clubs complete the form (link below), so we can arrange distribution.
