EHO Membership Renewal

Please find below the details of how to renew your EHO membership for the upcoming season. As per league regulations, to umpire you must be a registered member of EHO. By becoming a member, you will be able to be added to team sheets for your club(s) and/or neutrally appointed to matches.

Reminder, that the EHO Membership runs from 1st September through to 31st August each year. The details of the different levels of Membership, with costs and benefits can be found on the England Hockey website.

You will only receive the benefits of membership, such as booking workshops for free, once your membership fee for the season has been paid.

Remain at the same level of Membership

If you wish to remain at the same level of membership as you are currently at, you do not need to do anything right away. Your membership will automatically renew in the first week of September.

Bronze, Legacy/Lifetime or NPUA Members: - That's it you don't have to do anything else, as you have nothing to pay to EHO.

Silver, Gold or Young Umpire Members: - You will need to login to GMS after 1 September and pay your annual membership fee. You will be prompted to do so on your homepage once you've logged in. This must be paid by the end of October, otherwise your membership will be amended to Bronze level.

Change your Membership Level

If you wish to amend your membership level, please email officiating@englandhockey.co.uk and they can assist with making the changes for you. This includes if you want to change your membership to a paid level, or if you want to move back down to Bronze.

Please also use this approach if you wish to amend your Primary or Secondary Areas, if you wish to have clubs added or removed to your account, or if you want to have "Umpire" removed from your profile on GMS completely.

Unsure on your Membership?

If you are not sure what Membership you have, please email officiating@englandhockey.co.uk. Please note that your membership is not displayed within GMS anywhere. Those needing to pay will be able to tell by how much you are being asked for, but once paid, the information will disappear from your profile. If you are not prompted to pay in September, you will have Bronze or Lifetime Membership. NPUA members pay direct to the NPUA and therefore won't be prompted on GMS either.

For those with Paid membership (either via GMS or NPUA), you can access your insurance documents on the England Hockey & Marsh Sport Insurance Zone
