

COACH DEVELOPMENT OFFER

EVERYTHING YOU NEED TO SUPPORT AND GROW YOUR COACHING TEAM

We now offer a wide range of learning and development opportunities to support everyone in your club, from helpers to lead coaches.

Since the new England Hockey membership model launched in September 2025, a suite of courses and workshops is now available at no additional cost. Beyond these core opportunities, we provide further development that will support and stretch your coaches and help them deliver excellent player experiences.

For clubs looking for a more tailored approach, we offer bespoke coach development designed to take your entire workforces coaching to the next level.
