Health & Safety

Highfield Level 1 International Award in Working in Confined Spaces

This qualification has been developed for learners working in any environment who will have a job role involving work in confined space activities. Learners gaining this qualification will understand the roles and responsibilities of individuals, requirements of a safe system of work when working in confined spaces, selecting and using appropriate safety equipment safely.

How long will it take me to achieve this qualification?

This qualification is achieved by taking a half day classroom-based course with a minimum contact time of 4 hours, at any Highfield approved international centre. There are no specific age restrictions for this qualification.

How is the qualification assessed?

Learners will sit a 30 minutes multiple-choice examination containing 15 questions and must achieve at least 9 correct answers to be awarded a Pass. Learners achieving 12 or more correct answers will be awarded a Distinction.

What next?

Learners successfully completing this qualification may wish to progress onto further qualifications, such as:

- Highfield Level 1 International Award in the Principles of Health and Safety at Work
- Highfield Level 1 International Award in Health and Safety for Construction Operatives and Site Visitors
- Highfield Level 1 Award in the Principles of Health and Safety within the Workplace (RQF)
- Highfield L2 Award in Health & Safety within the Workplace (RQF)
- Highfield Level 2 International Award in Risk Assessment
