# Highfield CPD

Highfield's CPD recognition enhances professional credibility, career prospects, and potentially leads to opportunities for advancement. Highfield CPD points are applied to qualifications, webinar attendance, e-learning and accredited courses.

## Accreditation Services

Highfield offers accreditation of your local and customised qualifications, providing you with the flexibility you need. Our experienced qualification development team supports you through every stage of the process, resulting in a training solution that meets your exact requirements.

## Translations

Highfield excels in translating training materials and assessments into multiple languages, ensuring accessibility and inclusivity in health and safety education. Their expertise allows them to adapt content effectively, enabling individuals worldwide to access vital health and safety knowledge in their native languages. This commitment to linguistic diversity broadens participation in comprehensive training, enhancing global health and safety standards and mitigating language barrier risks.

# Our webinars

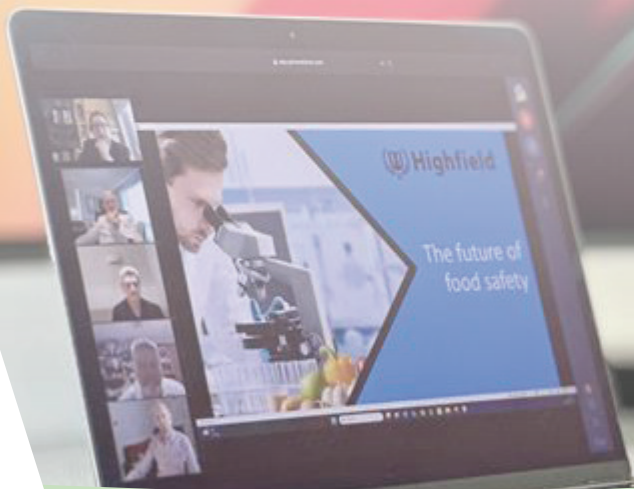

Highfield's exclusive series of webinars offer a unique opportunity for professionals to gain invaluable insights, knowledge, and practical tools to thrive in today's dynamic landscape.

Our webinars cover a diverse range of topics, designed to address the latest trends, challenges, and innovations in industry.

Gain knowledge from industry experts, thought leaders, and seasoned practitioners who bring a wealth of experience and expertise to the table. Get firsthand insights, best practices, and actionable advice that you won't find elsewhere.

Attend our webinars from the comfort of your home or office, eliminating the need for travel and saving valuable time and resources. All our webinars are recorded and accessible on-demand to registered participants. Participants receive digital CPD certification upon completion of each webinar.

**Engaging content, expert speakers,  
and interactive sessions make our  
webinars a valuable learning experience.  
Join us for insightful discussions that  
empower you with knowledge and  
skills for success.**

# Testimonials

I am a very happy and satisfied customer of Highfield. Jumeirah is using Highfield training materials and qualifications for our food safety training and first aid courses as we think they are the best. We are quite privileged to be chosen as one of the best training centres of Highfield. Their customer support is one of the key factors of their success.

**Jumeirah Group - Health and Safety Manager**

I have been working with Highfield for a number of years now and have found the products to be of excellent quality. The staff of Highfield have always presented a professional image and have excellent customer service delivery.

**Emirates Flight Catering - Human Resources Manager**

My first encounter with Highfield has been an amazing one. It is so refreshing to work with an AO that actually puts customer service at the heart of what they do. Highfield is so different to what I've experience so far. Since I've been at City Gateway we have worked with over 15 different AOs, and most try to find ways to sneak in extra charges, take forever and a day to get back to me and are not actually interested in building a relationship. I am honestly blown away with what Highfield offers and the staff that I have met have been nothing short of wonderful!

**City Gateways UK - Contracts & Team Performance**

Let me firstly tell you, I think the Highfield qualifications should be mandatory across the food industry. As a construction safety professional, I took the Level 4 to help me better understand food safety. I took the learnings and together with my safety background made a very successful career with my last position being Director of Safety & Compliance within the food industry. So not only did the knowledge help me succeed but also transformed my career from construction safety to food safety.

**Learner quote**

# Certificates and Awards

We take pride in acknowledging the success of our training providers, celebrating their achievements and commitment to excellence. Recognising their accomplishments motivates us to continually support and enhance their endeavours in delivering quality vocational education and training.
