"I am honored that PPG acknowledged my hard work and dedication to academics throughout high school by awarding me the National Merit PPG Foundation Sue Sloan Scholarship. This recognition inspires me to continue this pursuit at Notre Dame and to give back to the community like PPG does in many ways."

- Andrew Johnson
Employee-Child Recipient

"Receiving this scholarship is meaningful to me because it shows me that PPG recognizes my community engagement efforts from high school and is committed to investing in my future potential. Additionally, it introduces me to a vibrant network of bright, innovative minds in the workforce committed to creating sustainable change that transforms communities on a global scale."

- Advika Kumar
Community Scholar (Greensboro, NC)

"Receiving this scholarship from PPG is a honor since this is just another example of how PPG strives to invest in its communities; I am grateful that my academic performance has been recognized by a global leader in innovation and technology."

- Margaret Jankowski
Employee-Child Recipient

"To me, this scholarship represents not only a generous contribution to aspiring doctors, engineers, and scientists, but also a dedication to improving the lives and education of young scholars who will be the architects of America's future."

- Kevin Zheng
Community Scholar (Huntsville, AL)
