Cannot log in to OnStage?

You must be enrolled in a thesis course in order to access OnStage. Please make sure you are enrolled for the thesis course of the current academic year. Contact your thesis coordinator if the problem persists.

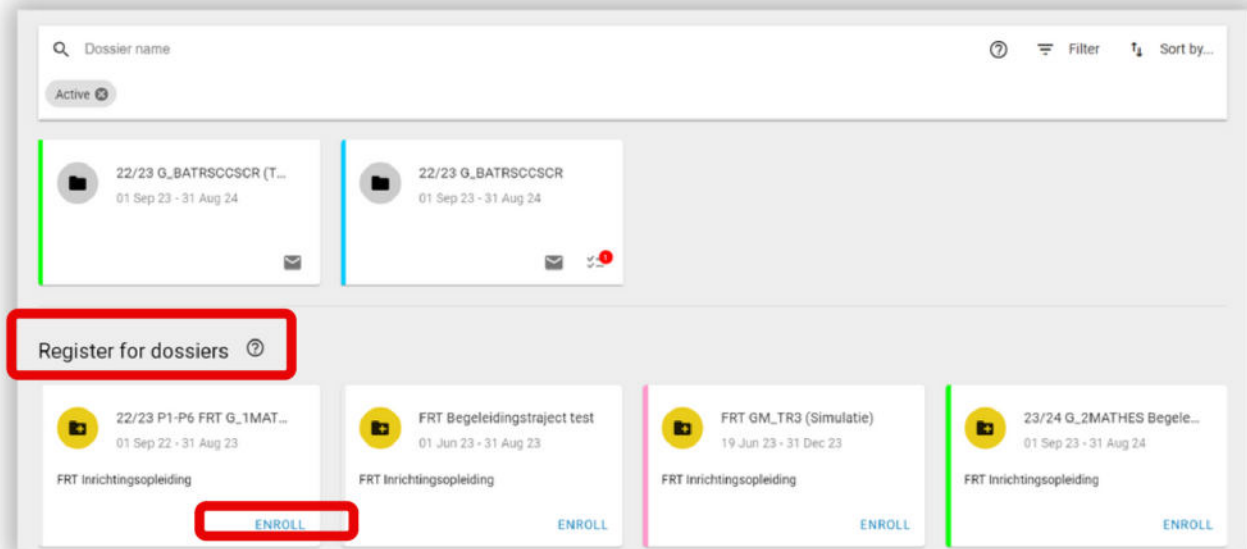

About dossiers and coaching groups

A dossier contains all the details of your thesis process. A dossier is automatically created once you are enrolled to a coaching group. A coaching group is a group of students who follow the same series of steps.

You already have a (active) dossier?

Your thesis coordinator has already enrolled you to a coaching group.

You have been instructed by your thesis coordinator to enroll in a coaching group? (Use the search bar to) find the correct coaching group under the heading "REGISTER FOR DOSSIERS". Click "ENROLL" and confirm. You will now have an active dossier.

Want to receive future notification mails to your personal email address as well? Click on your initials at the bottom left corner of your screen to change the user settings.
