Eva Vos

Eva is EU project manager at the Athena Institute

Short biography

Eva currently manages the European Horizon project FoodCLIC, a 4.5 year program on food system transformation to make sustainable food better available. The program includes 28 European partners and collaborative partners in Africa. Previously, she managed the national research project MIND, research on the effects of bilingual daycare on language skills of children in the Netherlands at the University of Amsterdam.

Eva is also involved in the consortium building and proposal writing process for new projects.
