Factsheet GPR 250 REIT Index

Data as at 31 March 2024

GPR 250 REIT Index

The GPR 250 REIT Index is a subset of the GPR 250 Index and covers all companies having a REIT-like structure. This in combination with the consistently applied rules for company inclusions results in the GPR 250 REIT Index being a suitable representation of the global Real Estate Investment Trust market.

Consequently it is suitable both as a performance benchmark and as a tool for the creation of financial products

Real Estate Investment Trust

Customization possibilities

9 AvalonBay Communities Inc.

Besides the plain vanilla indices like the GPR 250 Index, GPR 250 REIT Index, GPR General Index and the GPR General Quoted Index, Global Property Research offers a vast amount of customization possibilities.

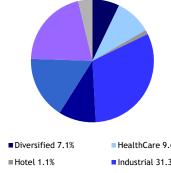

- Any group of continents, countries or constituents can be capped or fixed to reduce or increase its weight;
- Concentration constraint imposed by the UCITS Directive can be implemented;
- All indices can be hedged partially or fully to any currency to reduce the possible currency risk;
- Dividends can be reduced using client specific Withholding Tax percentages:
- Indices can be developed not based on market capitalization, but on Fundamental Indexation factors.
