Customization possibilities

Besides the plain vanilla indices like the GPR 250 Index, GPR 250 REIT Index, GPR General Index and the GPR General Quoted Index, Global Property Research offers a vast amount of customization possibilities.

- Any group of continents, countries or constituents can be capped or fixed to reduce or increase its weight;
- Concentration constraint imposed by the UCITS Directive can be implemented;
- All indices can be hedged partially or fully to any currency to reduce the possible currency risk;
- Dividends can be reduced using client specific Withholding Tax percentages:
- Indices can be developed not based on market capitalization, but on Fundamental Indexation factors.
