FOR INFORMATION:

Our goal is to make ADIT a truly international qualification. As this vision is realised, tax practitioners moving from one country to another will share a globally recognised qualification that sets a global benchmark in international tax expertise. The ADIT standard is supervised by an Academic Board of distinguished and highly respected international tax professionals.

ADIT is a modular qualification with three modules, of which one optional module may be substituted with an extended essay. ADIT is a free-standing qualification which will not give the right to membership of the Chartered Institute of Taxation. However, ADIT holders may apply to become an 'International Tax Affiliate of the Chartered Institute of Taxation'. This ongoing link entitles the individual to use the designatory letters 'ADIT', and a number of additional benefits.

The Chartered Institute of Taxation (CIOT) is the leading professional body in the United Kingdom concerned solely with taxation. The CIOT is an educational charity, promoting education and study of the administration and practice of taxation. One of our key aims is to work for a better, more efficient, tax system for all affected by it – taxpayers, their advisers and the authorities. The CIOT's work covers all aspects of taxation, including direct and indirect taxes and duties. Through our Low Incomes Tax Reform Group (LITRG), the CIOT has a particular focus on improving the tax system, including tax credits and benefits, for the unrepresented taxpayer.

The CIOT draws on our members' experience in private practice, commerce and industry, government and academia to improve tax administration and propose and explain how tax policy objectives can most effectively be achieved. We also link to, and draw on, similar leading professional tax bodies in other countries. The CIOT's comments and recommendations on tax issues are made in line with our charitable objectives: we are politically neutral in our work.

Our 20,000 members have the practising title of 'Chartered Tax Adviser' and the designatory letters 'CTA', to represent the leading tax qualification.
