INTRODUCTION

It's never been a more exciting time to be a tax practitioner. In an ever more connected world, tax professionals have to stay on top of their game to take advantage of the challenges and opportunities that today's business offers. But how do you make sure you stand out?

Give yourself a clear advantage with ADIT

Students are welcomed from all parts of the world, and ADIT has been pursued in over 120 countries and in every continent around the globe. There are significant benefits in having a globally recognised qualification in international taxation and the ADIT exams, which are sat in English, also enable candidates across the world to demonstrate their ability in the language of international business.

ADIT is accredited by the Chartered Institute of Taxation (CIOT), one of the leading professional bodies in the United Kingdom dedicated to taxation ([see page 26](#)).

EXAM ENTRY AND INFORMATION

Exam entry

It is the responsibility of candidates to enter for ADIT exams. Key dates and deadlines can be found on [page 5](#). Exam entry should be made online via the ADIT website. Manual exam entry forms are available upon request, where students are unable to enter via the website. Employers registering and paying for several employees should contact the Education Team in advance.

All exam entries are normally acknowledged via email, within ten working days. Candidates should email or telephone if this is not received.

Exam entries arriving after the deadline cannot be guaranteed, and will be subject to an additional late entry fee.

Online exams

To provide flexibility to ADIT exam candidates, ADIT exams are delivered online and can be sat anywhere in the world.

Sitting online exams, you'll use a purpose-built exam application, Exam4, on your laptop or desktop computer. You will be able to download Exam4 four weeks before your exam, and practice using it with a past ADIT exam paper.

On exam day, you will sit the exam at a location of your choice, such as your home or office.

When you complete your exam entry, we will still ask you to specify where you plan to sit your exams as this will determine your local start time. You will need to select your location from the list of cities on the exam entry form or, if your location is not listed, select 'Other' and email us at education@adit.org to let us know where you plan to sit your exams.

More information about online ADIT exams can be found on the website at:

THE ADIT MODULES

Format

ADIT is assessed in a modular format and is awarded when all required modules have been completed. If a candidate passes any of the ADIT modules, the pass will remain valid for the next five years. If the entire qualification is not completed within five years then the candidate may re-register as an ADIT student but will have to resit any modules for which the pass has expired.

To achieve the ADIT qualification, candidates are required to complete three modules: the mandatory Principles of International Taxation exam, and any two modules from the range of optional exam modules (although an extended essay may be completed in place of one of these exams). Further details can be found on [page 17](#).

Candidates may enter to sit exams for up to three modules in a single exam session, or attempt the modules in separate exam sessions, one at a time.

International tax practitioners are expected to be able to apply their skills to multiple tax regimes and areas, and candidates may demonstrate this ability by selecting any two of the available exam options within the Jurisdiction and Thematic categories.

Jurisdiction modules are designed to test candidates' detailed knowledge of a tax jurisdiction. Thematic modules are designed to test a detailed knowledge of international tax issues in a specific area of taxation.

Sitting ADIT exams

All ADIT exams are available to sit online via our purpose-built Exam4 application.

The Exam4 app is used by a number of leading universities and institutions across Europe and North America. Used by thousands of students since we introduced it in 2014, it has a proven track record for reliability and student satisfaction: ADIT candidates who have used it say their experience has been very positive.

Candidates can use Exam4 on a wide range of laptop and desktop computers; it does not require the latest technology. Candidates only need to be connected to the internet when launching the exam and when submitting their answers at the end, so a stable internet connection isn't essential.

Full information about online exams can be found on the website at:

CHARTERED INSTITUTE OF TAXATION

About the CIOT

The Chartered Institute of Taxation (CIOT) is the leading professional body in the United Kingdom concerned solely with taxation. The CIOT is an educational charity, promoting education and study of the administration and practice of taxation. One of our key aims is to work for a better, more efficient, tax system for all affected by it – taxpayers, their advisers and the authorities. The CIOT's work covers all aspects of taxation, including direct and indirect taxes and duties. Through our Low Incomes Tax Reform Group (LITRG), the CIOT has a particular focus on improving the tax system, including tax credits and benefits, for the unrepresented taxpayer.

The CIOT draws on our members' experience in private practice, commerce and industry, government and academia to improve tax administration and propose and explain how tax policy objectives can most effectively be achieved. We also link to, and draw on, similar leading professional tax bodies in other countries. The CIOT's comments and recommendations on tax issues are made in line with our charitable objectives: we are politically neutral in our work.

The CIOT's 19,000 members have the practising title of 'Chartered Tax Adviser' and the designatory letters 'CTA', to represent the leading tax qualification.
