

# CA qualification Syllabus Levels and Courses

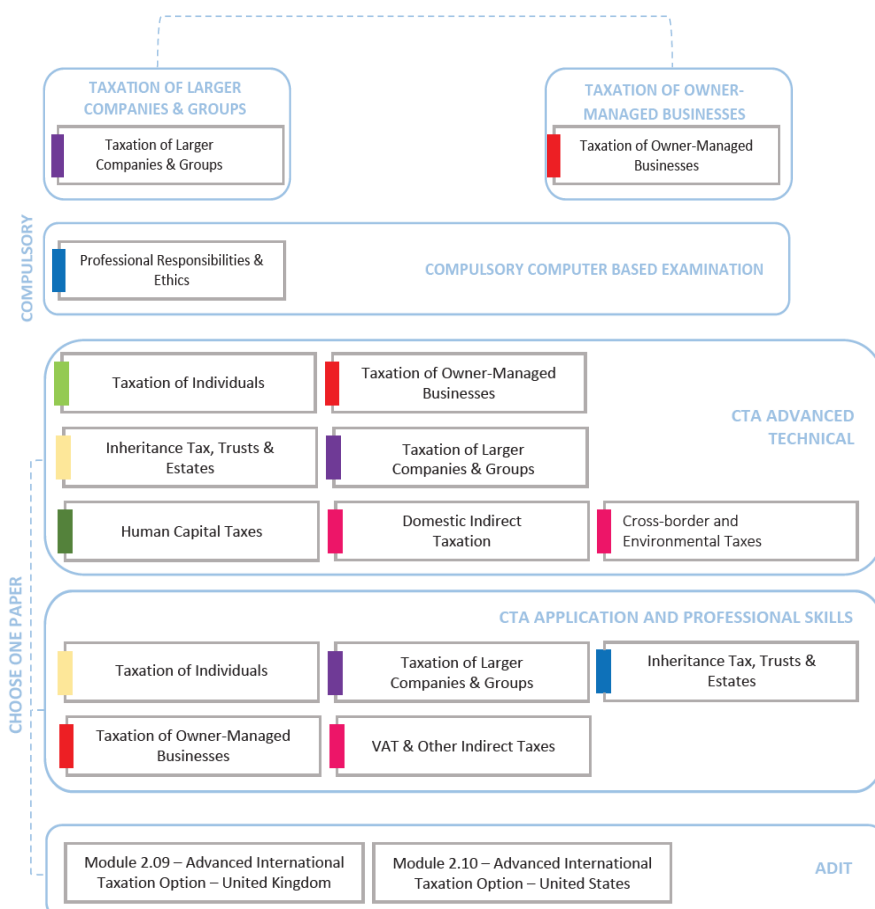

## CA Exam Modules

You are required to complete the CA exam modules listed in the diagram, except for the Skills (Elective) paper. Your chosen CTA Specialism paper takes the place of the CA Skills (Elective) paper.

For further information on the CA qualification, please visit:

or  
contact [students@icas.com](mailto:students@icas.com)

### CHOOSE ONE SPECIALISM PAPER

## CTA Examinations

You are required to complete two CTA tax papers and one Computer Based Examination.

You first choose one of the two specialism papers. This will affect the options available for the second written paper. The second tax paper is one from the list on the left. (Excluding the Specialist paper you have already taken.)

For the ADIT papers please see page seven.

Example One – Taxation of Larger Companies & Groups Route

As I have chosen the Taxation of Larger Companies & Groups Route my specialism paper is the Taxation of Larger Companies & Groups paper. Once I have passed this paper then I can attempt my CA Integrated case study module.

Before I can book my final CTA tax paper I need to pass my Professional Responsibilities & Ethics Computer Based Examination.

For my final CTA tax paper, I can choose any paper except for the CTA Advanced Technical paper: Taxation of Larger Companies & Groups as this was my specialism paper. I decide to sit the CTA Advanced Technical paper: Taxation of Owner-Managed Businesses.

Once I have passed these three examinations I am CTA exam qualified. If I have completed the CA examinations and meet the CIOT membership experience requirement, I would be eligible to apply for membership of the CIOT.
