

EXPLANATIONS TO THE
**REVISION OF THE
ARTICLES OF ASSOCIATION**
OF ORIOR AG

Item 6 of the Agenda
13th Annual General Meeting

Preliminary note

The new Swiss corporate law entered into force on 1 January 2023. The Board of Directors proposes to amend the Articles of Association of ORIOR AG in order to comply with both the requirements of the new corporate law as well as to reflect current best practices in the field of corporate governance. The proposed amendments include the transfer of the new provisions, alignment with the wording of the law, the introduction of a capital band, clarifications to avoid legal uncertainties, the updating and increased flexibility of annual general meetings and the corporate organisation, as well as editorial rectifications. Following are the details and explanations of the proposed amendments:

Proposal to the Annual General Meeting Details and explanation

6.1 Amendment of the business purpose *This modification will add the creation of long-term, sustainable value to the business purpose, thereby also giving more weight to the increasing importance of environmental and social issues.*
 The Board of Directors proposes the amendment of Art. 2 of the Articles of Association.

6.2 Adjustment of the conditional capital *The intended use of the conditional capital is to be expanded and made more flexible in order to increase the Company's agility to react quickly to investment and acquisition opportunities or to take advantage of favourable market conditions to further improve its capital position. The Company may issue financial instruments within the framework of the conditional capital, such as convertible bonds or similar instruments that can be converted into shares. The authorisation to issue shares relating to such financial instruments is limited to 7.18% of the share capital (i.e. 470 000 shares).*
 The Board of Directors proposes the amendment of Art. 3b of the Articles of Association.
Furthermore, the Board of Directors recommends limiting the shares issued from the conditional capital (Art. 3a of the Articles of Association) and the capital band (Art. 3b of the Articles of Association), excluding subscription rights or preemptive rights, to a maximum of 10% of the Company's currently issued shares.

6.3 Creation of a capital band *With this proposal, the authorised share capital will be revoked, and the new capital band provided for by law will be introduced in its place and to the same extent. The capital band authorises the Board of Directors to increase the share capital by 7.18% of the share capital as well as to reduce the share capital by 5.0% of the share capital and is limited in time to the 5 years provided by law until 18 April 2028.*
 The Board of Directors proposes the replacement of the authorised capital and introduction of a capital band in Art. 3b of the Articles of Association.
Furthermore, the Board of Directors recommends limiting the shares issued from the conditional capital (Art. 3a of the Articles of Association) and the capital band (Art. 3b of the Articles of Association), excluding subscription rights or preemptive rights, to a maximum of 10% of the Company's currently issued shares.

6.4 Clarification of the share transfer restriction *The Board of Directors aims to limit the possibility of any improper use of securities lending or similar legal transactions to influence votes and elections at the Annual General Meeting and therefore proposes that the new reason for the share transfer restriction in Art. 685d Para 2 CO be included in the Articles of Association. Furthermore, editorial rectifications will be recommended on this occasion.*
 The Board of Directors proposes the amendment of Art. 5 and 6 of the Articles of Association.

6.5 General and content-related modifications to the new legal provisions as well as editorial rectifications *These amendments relate to the adjustment of both the content and the wording of the provisions of the new corporate law. This also includes the modifications relating to the new provisions regarding reporting on non-financial matters as well as the updating of the provisions on organisational design and how annual general meetings are conducted. Furthermore, some editorial rectifications to the texts of the Articles of Association will be recommended on this occasion.*
 The Board of Directors proposes the amendment of Art. 3, Art. 4, Art. 8–11, Art. 13, Art. 16–19, Art. 24, Art. 33 and Art. 34
