The interest rate of the product is determined by a breadth of factors, including but not limited to; the external market environment, the cost of our funding book, the value offered by the industry/market through like-for-like or similar products, and adjacent products in our ranges.

Customers can access details of their current interest rates in a number of ways, including:

- In any of our branches

Customers have the ability to switch to a current mortgage deal (subject to meeting our current lending criteria) and current products can be viewed on our website www.newcastle.co.uk

4. Customer Understanding

Products included in this category offer either a fixed or variable rate of interest and will depend upon customers needs and objectives.

Customers will receive a European Standardised Information Sheet (ESIS), prior to making an application with us which will provide information around the Key Features of the product recommended and costs of taking the mortgage.

We will take reasonable steps to ensure that engagement with members via customer communications are clear, straightforward, and use language which is easy to understand. To support this we will use 'Jargon Buster' technology provided by 'Fairer Finance' to achieve the best possible outcomes for members.

We also have dedicated existing customer pages on our website www.newcastle.co.uk which offer support and guidance for customers whose mortgage needs have changed.

We issue a mortgage statement on an annual basis to our customers, which provides information on mortgage payments made, interest charged, outstanding mortgage balance and the interest rate applied to the mortgage.

Where a rate change occurs (variable rate customers) we will write to customers to notify them of the change to interest rate and monthly repayment 28 days before the effective date of change and as outlined within our mortgage terms and conditions. We will also display notification of change in our branches and in press advertisements.

Where the Bank of England Base Rate changes, the interest rate will be revised and effective 14 days after the announcement as per the product terms and conditions.

We will contact our customers (currently 4 months) ahead of their mortgage product maturing and notify them of new product rates available. We like to reward our loyal mortgage customers and so we have a range of exclusive rates just for our existing customers.

Customers have the option of being able to;

- Switch their product online.
- Speak to a mortgage broker.
- Speak to one of our mortgage advisers – we offer a free, full advised interview service.

Customers with characteristics of vulnerability

The Product is designed for the first-time buyer market, which is likely to include some customers with characteristics of vulnerability or who will experience vulnerability over time.

First time buyers maybe less likely to have a comprehensive understanding of mortgages, the mortgage market or the schemes available to them. They could seek support from a broker or utilise our mortgage advisers to acquire additional advice. This could increase their understanding of the information being presented to them and the implications of the arrangement they are entering into to reduce the risk of harm occurring.

We considered the needs, characteristics, and objectives of customers with characteristics of vulnerability at the design process stage of this product to ensure the product meets their needs.

We regularly conduct testing and monitoring of our product range to ensure good outcomes for our customers. This testing and monitoring includes a proportion of customers who have characteristics of vulnerability.

We have in place a framework to achieve good outcomes for vulnerable customers, which includes:

- Education and training for our staff to ensure they have the appropriate skills and experience to recognise and respond to the needs of vulnerable customers
- Suitable customer service provision and communications
- Multiple contact methods are available
- Tailored communication requirements are available on request
- Flexible policies, where appropriate, to support vulnerable customers
- Monitoring to ensure we continue to meet and respond to the needs of customers with characteristics of vulnerability.

Intermediaries should continue to comply with your obligations to ensure that you treat customers in vulnerable circumstances fairly.

Please contact us if you need any further information about how we support the needs of all our customers in relation to the product.

6. Our assessment of value

We have developed a comprehensive and robust assessment process which evaluates several aspects of our business to determine the value of our mortgage products. This analysis is used to ascertain whether the product delivers fair value for customers.

Following review of our first-time buyer (including assisted purchase) products we have concluded that the Products included within this category continue to deliver fair value for customers.
