Introduction

The objective of this Invitation to Comment is to obtain input from stakeholders on the endorsement and adoption of *Lack of Exchangeability* (Amendments to IAS 21) (the Amendments), published by the International Accounting Standards Board (IASB) in August 2023. The Amendments aim to clarify the requirements for assessing exchangeability, the exchange rate to use when there is a lack of exchangeability and the related disclosures. The Amendments aim to address diversity in practice and improve the usefulness of the information provided to the investors. The Amendments will be effective for annual periods beginning on or after 1 January 2025. Earlier application is permitted. The information collected from this Invitation to Comment is intended to help with the endorsement assessment.

UK endorsement and adoption process

The requirements for UK adoption are set out in Statutory Instrument 2019/685¹.

The powers to formally adopt international accounting standards for use in the UK were delegated to the UK Endorsement Board in May 2021².

Assessment against endorsement criteria

Our draft assessment [tentatively] concludes that:

- the Amendments meet the criteria of relevance, reliability, understandability and comparability required of the financial information needed for making economic decisions and assessing the stewardship of management, as required by SI 2019/685 (see Regulation 7(1)(c));
- application of the Amendments is not contrary to the principle that an entity's accounts must give a true and fair view as required by SI 2019/685 (see Regulation 7(1)(a)); and
- that the Amendments are likely to be conducive to the long term public good in the UK as required by SI 2019/685 (see Regulation 7(1)(b)), having considered:
 - whether they will generally improve the quality of financial reporting;
 - the costs and benefits that are likely to result from their use; and
 - whether they are likely to have an adverse effect on the economy of the UK, including on economic growth.

Our assessment of the Amendments is set out in **Section 2** of the DECA on the pages indicated below:
