| Exposure Draft ED without Public According Disclosures | Subsidiaries | Published: 26/07/2021 Comment deadline: 31/01/2022 | Note: The Board decided to allow additional time, so that the consultation period on the draft comment letter (DCL) closed on 31 January 2022. The Board asked the UKEB Secretariat to communicate the late submission of its final comment letter to the IASB, by approximately three weeks, as well as highlighting the Board's draft position as published in the DCL. |

Conclusion

This ED was published on 26 July 2021 with a comment deadline of 31 January 2022. However, due to Board agenda constraints, the PIP was approved at the October 2021 meeting. This meant that the timing of the Board had to choose between a significantly curtailed consultation or a delay to submission of the final comment letter to the IASB. The Board decided that the stakeholder outreach was particularly important on this project and therefore chose the latter option. The likely delay in the UKEB response was highlighted to the IASB's project team. To mitigate the fact that even the extended consultation period overlapped with year-end reporting periods for a large number of UK companies, stakeholder roundtables were held in November and the feedback from these informed the draft comment letter. Stakeholders were also provided other ways of contributing their views on the consultation e.g. a preparer survey open from 02 November 2021 to 31 January 2022 and a user survey open from 06 January to 31 January 2022. In addition, one to one interviews were carried out with preparers and users after publication of the DCL, which contributed to the FCL. These additional outreach activities also mitigated the lack of formal responses to the draft comment letter.

Overall, this project due process complies with the UKEB Due Process that is in place at the time of writing.

Approval

Does the Board approve the Exposure Draft *Subsidiaries without Public Accountability: Disclosures* Due Process Compliance Statement for publication?
