Assessment against endorsement criteria

Our draft assessment concludes that:

- the 2021 Amendments meet the criteria of relevance, reliability, comparability and understandability required of the financial information needed for making economic decisions and assessing the stewardship of management, as required by SI 2019/685 (see Regulation 7(1)(c));
- application of the 2021 Amendments is not contrary to the principle that an entity's accounts must give a true and fair view as required by SI 2019/685 (see Regulation 7(1)(a)); and
- that the 2021 Amendments are likely to be conducive to the long term public good in the UK as required by SI 2019/685 (see Regulation 7(1)(b)), including that:
 - will generally improve the quality of financial reporting;
 - will lead to benefits that exceed the costs; and
 - are not likely to have an adverse effect on the economy of the UK, including on economic growth.

Our assessment of each of the **2021 Amendments** is set out in **Section B** of this DECA in the pages indicated below:
