Magic Bog Slime

When the broomstick snaps, the animals fall into a bog! Here’s how you can make your own icky-sticky bog slime to play with.

**What to do:**

1. Put the cornflour and cocoa powder into the bowl and stir it together so it becomes a light brown powder.

2. Add three tablespoons of water to the mixture and stir it all together to make a gooey slime.

3. Add a bit more water to make the slime even more gooey, or add a bit more cornflour to make it a little thicker.

4. To clean up the slime, let it dry out and then throw it away. Don’t pour the slime down the sink as it could clog the pipes.
