00:00.6 - 00:09.8

Hi, I'm Daisy, I'm the project manager for the Sovereign #iwill Fund. We're here visiting Solent Youth Action, which are one of the 13 projects we funded through the first round.

00:09.9 – 00:18.5

We're here in the rain, but it's glorious still seeing about all the amazing stuff they're doing with young people, converting the outdoor kitchen space here.

00:18.6 – 00:42.2

Kailea (Solent Youth Action) - The money that we have been given from Sovereign is going to help us develop the outdoor kitchen. The money specifically is going to pay for the staff to support the young people to be able to do that. And then the things that we grow in our outdoor kitchen will be able to be prepared and service and eaten by the young people. So then they get to understand how food grows and how to make it into some delicious meals.
