

# Highfield **Level 2** End-Point Assessment for ST0530 **Optical Assistant**

Government funding band – **£5,000 (Funding Band 7)**

Gateway requirements –

- **Level 1 English and maths (optional for 19+, please see funding rules)**

End-point assessment method – **Direct observation, professional discussion, case study**

## Working in the optical retail sector

An optical assistant requires many skills to be able to work within the optical retail industry. In order to meet a high standard of customer service, as well as technical and clinical requirements, optical assistants have to interpret and understand a clinically issued prescription, its effects on the eye, and the customer's vision. They need to be able to identify and recommend specific optical appliances to meet the customer's needs, using strong communication and listening skills.

## Your apprentice's journey

### Ready for training

- Initial assessment
- English and maths training (optional for 19+, please see funding rules)
- On-programme training to meet the requirements of the standard
- Gateway readiness self-assessment

### Set for assessment on completion of training and functional skills

#### Professional discussion

- A structured discussion between the Apprentice and the Independent Assessor
- To take place on the same day as the observation
- Minimum of 75 minutes and should not exceed 90 minutes duration

#### Case study

- The apprentice will have three weeks after entering the gateway to complete
- Must be written within their normal working hour
- Minimum of 3500 words but should not exceed 3850 words

#### Direct observation -

- Naturally occurring real work situation
- Must include as a minimum one spectacle dispense and one spectacle collection
- Expected duration to take between 120 and 150 minutes

### Go further in your career

On completion of the apprenticeship, apprentices may wish to progress into other roles in the optical retail sector.
