

Think about  
Practical observation  
Level 2 Retailer V1.1

On the day of assessment, you will carry out:

An up to 120-minute observation

Face-to-face

In your workplace

With an end-point assessor

### Key point

Your end-point assessor will need to stop the observation if you demonstrate any unsafe practices or breaches of GDPR, professional codes of conduct or legislation.

## Do

- Review the criteria associated with the observation - this can be found in the EPA-kit
- Use the planner to plan how you will demonstrate as many of the criteria associated with the observation as possible within the time allocated
- Be prepared to interact with customers and colleagues
- Be prepared to work in areas of the store that you are unfamiliar with depending on your role and the business you work for
- If any of your work activities are simulated make sure you have planned and prepared

## Don't

- Forget to give a brief description of the task you are about to complete
- Spend unnecessary time on any one activity, complete it and move on
- Forget to follow the organisation's policies and procedures

## Next steps

- Results can take up to 7 days to be confirmed
- Your manager/training provider will inform you of your results

## Resits

- If you do not achieve a pass result on the practical observation you can resit the assessment.

**Use the table below to plan and prepare for the practical observation**

Standard area	Key points to remember
Customer	

**Communications**

**Business**

**Brand reputation**

**Sales and  
promotion**

**Financial**

**Marketing**

**Legal and  
governance**

**Product  
and service**

**Merchandising**

**Team**

**Legal and  
governance**

**Technical**

**Diversity**
