Highfield Level 2 End-Point Assessment for Supply Chain Warehouse Operative

£ Government funding band – **£3,000**

On-programme duration – **minimum of 12 months**

Gateway requirements – **level 1 English and maths**

End-point assessment method – **knowledge and behaviours test, and practical assessment**

Working as a supply chain warehouse operative

Warehouse operatives work in a variety of warehouse environments. Their work activities include taking deliveries, checking for damaged/missing items, storing goods, moving stock by various methods, picking/packing orders, loading goods for dispatch, maintaining stock records and documentation, and cleaning.

They communicate with a wide range of people and customers and have a passion to meet customers' expectations by providing a quality service that encourages repeat business. A warehouse operative will often be required to be flexible and work shifts including 4-on-4-off, days, nights, evenings and weekends.

The programme's structure

Apprentices will be placed in a role over a minimum of 12 months during which they will be supported while on-programme by their tutor. Their tutor will review the progress of the apprentice against the standard to ensure they are prepared for the end-point assessment.

Your apprentice's journey

Ready for training

- Initial assessment
- English and maths training
- On-programme training to meet the requirements of the standard
- Gateway readiness self-assessment

Set for assessment

End-point assessment methods are:

Knowledge and behaviours test
- 1-hour test
- Multiple-choice and short-answer questions
- Demonstrating the apprentice's knowledge

Practical assessment
- 1-hour assessment
- Demonstrating full competence in the skills required

Go further

On completion of the apprenticeship, apprentices may wish to progress into other roles in the logistics industry.
