Think about Written project report with presentation and questioning Level 4 ST0310 Associate

Project Manager v1.4

On the day of this assessment you will carry out:

A written project report submitted by week 12 of the EPA, typically a 20-minute presentation and a 40-minute questioning session (60 minutes total)

Remote or face-to-face

In a suitable assessment environment free from distraction or influence

With an end-point assessor

Key point

You will have already submitted your written project report and any presentation materials by the end of week 12 of your EPA.

	Do Do		
	Review the criteria associated with the written project report with presentation and questioning - this can be found in the EPA Kit and in the table at the end of this document		
	Review relevant legislation, regulations, codes of conduct and your organisation's policies and procedures		
	Ensure a quiet room is available and that there are no interruptions		
	Be prepared to answer at least 6 questions and any follow-up questions that your assessor may ask		
Don't			
	Forget to bring your ID		
	Forget to plan		
	Forget to relax and enjoy your assessment		

Next steps

- Results can take up to 7 working days to be confirmed
 - Your manager or training provider will inform you of the results

Resits

 If you do not achieve a pass result on the project report with presentation and questioning, you can resit the assessment

Use the table below to plan and prepare for the project report with presentation and questioning.

- (P) indicates pass criteria
- (D) indicates distinction criteria

Assessment criteria	Key points to remember		
Project management tools and techniques			
(P) Explain how you use project monitoring and techniques to understand the project context and to track, interpret and report on performance			
(P) Describe how you use configuration management and change control to schedule and maintain projects and manage resources through the project lifecycle			
(P) Describe the need and benefit of the governance structure and ethical and sustainable procurement processes and how they impact on your role			
(D) Justify the techniques you use to track, interpret, and report on project performance and how they have supported successful delivery of the project within its context
