

Think about
Practical Observation
Level 3 Senior Healthcare Support
Worker – Adult Nursing Support
(AP02 09/18)

On the day of assessment, you will carry out:

A 120-minute observation plus up to 10 minutes
Q&A

Face-to-face

Under exam conditions

With an end-point assessor

Key point

Your end-point assessor will need to stop the observation
if you demonstrate any unsafe practices or breaches of
professional codes of conduct.

Do

- Review the criteria associated with the practical observation – this can be found in the EPA kit
- Discuss the activities you need to demonstrate with your manager
- Use the planner to plan how you will demonstrate the skills you have that are associated with the practical observation
- Review relevant legislation, regulations and your organisation's policies and procedures
- Be prepared to answer follow-up questions that further test your skills and behaviours

Don't

- Forget to bring your ID
- Forget to tell your colleagues and to obtain consent from patients who are present while you are being observed
- Panic if a planned activity cannot go ahead, you can identify another activity to be observed

Next steps

- Results can take up to 12 working days to be confirmed
- Your manager/training provider will inform you of your results

Resits

- If you do not achieve a pass result on the practical observation you can resit the assessment

Use the table below to plan and prepare for the practical observation

Standard area - core	Key points to remember
Health and wellbeing	
Duty of care and candour, safeguarding, equality and diversity	

**Person-centred
care, treatment
and support**
